PROFILE

- Experienced in researching, programming, and design
- Accustomed to work in multi-cultural environment
- Having a high ability in language (especially in English and Russian)

EDUCATION

April 2018 – March 2022: BS in Computer Science - University of Tsukuba

April 2014 – March 2017: Himeji-Higashi High School

EXTRACURRICULAR ACTIVITIES

- 2020:
- IT CUP (Data analysis contest in Russia)
Development of mobile app “haruhi”
- Provides map and event information at University of Tsukuba.
- 2019-:
- Research at Image Science Laboratory
- Researched on Machine Learning and its practical use especially in image analysis
- FUJIFILM Hackathon
- **First prize**
 - Demonstrated the usage and the future vision of new camera function which enables to record the texture information.
- Summer Intern at Teamlab.inc
- Development of EC site in Java(Spring Boot)
- IBM Hackathon
Yahoo HACK U(Hackathon)
- 2018 - 2019:
- Research at Digital Nature Group
- Researched mainly about topics on Human Computer Interaction as a part of Advancing Researcher Experience Program
 - Gave a presentation on my research about Brain Computer Interfaces
- Research at JST xDiversity
- Contributed to the development of “Oton Glass”

SKILLS

- Programming and the relevant skills
 - C: Two-year experience. I have made a Packman game.
 - Python: Two-year experience. I'm using this language on Competitive Programming.
 - C++: Half a year experience. I'm using this language on Competitive Programming as well.
 - Java: Three to four months experience. For the job in Teamlab.inc
 - Ruby (Rails): One month. Using in "haruhi" project.
 - MATLAB: Basic structures, standard input and output, and plotting. In classes of mathematical calculation.
 - R: In classes of statistics.
 - Assembly: CASL II, arm 32bit.
 - Docker, Firebase
- Language
 - Japanese: Native
 - English: TOEFL 88, TOEFL 870
 - Russian: Т Р К И (TORFL) 1st grade
- Proficient at presentation
- high learning skill (highest GPA 4.08, overall 3.93 out of 4.3 scale)

INTERNSHIPS

2020:	Microsoft Sumitomo corporation
2019:	FUJIFILM Business Contest (team leader) TeamLab.inc (Engineer) mixi

AWARDS

2019:	1 st grade - FUJIFILM Hackathon (as a team leader)
