"I commited to give my best,step outside my comfort zone to learn new skills if required and not afraid to fail"

EXPERIENCE

Internshala Training in Data Science —Summer Training

June 2019 - July 2019

Completed a 6 weeks training on Internshala understanding statistics for Data science,data exploration,data extraction and predictive model building.

Map UI for Hyrax Sever—Project Proposals

April 2019 - May 2019

I designed a Map UI to perform Hyrax Server Request as part of GSOC '19 proposals.Unfortunately,our project was not selected for the final project lists of the organisation .But,This is the first I had an experienced to learn how it feels to be a part of team and contribute to open source.
The project repository link is https://github.com/ShubhamShaswat/HyraxMapUI

EDUCATION

Heritage Institute of Technology, Kolkata— *B.tech in Computer Science*

July 2016 - July 2020

CGPA - 7.7 / 10.0 (upto 7th Semester)

Satyam International, Patna — *High School*

May 2013 - May 2015

Passed 12th std. With 87.60% marks (CBSE)

PROJECTS

Neural Style Transfer— *Based on paper* *https://arxiv.org/abs/1508.06576*

Implemented a Neural Style Transfer model in Tensorflow 2.0 to transfer a artistic style of an image to an another image

Emotion and Ethnicity Detection — *TCS HUMAiN '19*

The deep learning model was a part of TCS HUMAIN competitions held on 2019 to detect emotion and ethnicity of the people from the provided images.The dataset was provided by competition host itself.Link for repository of the projects is
 https://github.com/ShubhamShaswat/TCS-Humain

SKILLS

Python

Tensorflow 2.0

Numpy

Django

C
